\*\*\* Jon-Don's Special Order Return Policy:

We are often able to order products for our customers that are hard to find elsewhere and are not supported by our regular inventory; these orders are considered "special orders." Special order items do not qualify for our 30-day satisfaction guarantee. Returns of special order items are only accepted within 14 days provided the item is in its original, unopened packaging. All special order returns are subject to a 20% restocking fee. After 14 days, all special order items, regardless of the state of packaging, are non-refundable. Defects or damages must be reported within 48 hours of receipt in order to receive a replacement.
